Optional Service: Terri's Tradition

We also offer our brides a unique service to make their day truly memorable: Terri's Tradition. If someone has been trying to come up with the perfect wedding gift, this may be their opportunity to give you something you will always cherish--a wonderful time with your family and friends!

The Tradition: Like many of the wonderful things in life, my favorite tradition began by accident. I was designing flowers at a resort wedding when the bride stopped by my work room after her rehearsal dinner to see how the flowers were coming along. I had just started her bridal bouquet and suggested that she choose any flower in the room that she loved, and I would be sure to incorporate it into her bouquet design. She darted from bucket to bucket bringing me blossoms and greenery, and I wove each of her hand-picked selections into the bouquet that she would carry down the aisle. When her attendants found out what was going on, they asked to do the same with their own bouquets. Each hand-tied bouquet was now a unique combination that reflected their own personal style, and the group had so much fun creating them! The effect was incredible and the girls insisted it was their favorite part of the pre-wedding festivities. They made me promise to offer this opportunity to every bride..."

Fees are hourly and vary by location. Terri's Tradition can be scheduled after the rehearsal dinner/the night before the ceremony only.
